Meet Daren – our new Sales Engineer to cover London & South England

FabricAir UK has welcomed a new addition to the team: Daren Collins. Daren comes to us with more than 27 years of experience and an extensive knowledge in the HVAC industry.

He will be responsible for business development in London and the South of England.

Last week Daren visited our headquarter in Herfølge, Denmark, to learn more about our fabric air dispersion solutions and we all look forward to working with Daren.
